

SPRING 2022

# CU TIMES

**CHURCHBRIDGE CREDIT UNION**  
Bringing Communities Together

## Welcome to the **TEAM**

**Kyla Evans**

Kyla grew up on a farm north of Churchbridge, and currently lives in Churchbridge with her husband and son. Kyla has a Bachelor of Applied Business Administration from SAIT in Calgary, along with her Chartered Professional Accountant (CPA) designation. Kyla worked for 11 years with the Government of Saskatchewan as a Provincial Sales Tax Auditor in Saskatoon, Regina, and Yorkton before taking a few years off to focus on being a mom, most recently working as a school bus driver. Kyla has returned to her chosen career field of accounting with the Churchbridge Credit Union as our Accounting Coordinator and is excited for the new opportunity to work in her hometown. In her spare time, Kyla enjoys genealogy and history and has found out many interesting things about her family through this hobby.

Lori grew up in Esterhazy, and has made Langenburg home for the past 11 years with her 3 active children. Lori has a strong background in customer service, having worked for over 2 decades in the salon and spa industry and owning her own business for over 10 years. In her free time she enjoys writing and being creative in a variety of ways including making jewelry and body care products. She has a passion for travel and has travelled coast to coast numerous times within Canada, explored much of the US and visited several other countries including living abroad for 2 years. Lori looks forward to her new career with the credit union, joining us as a Member Service Representative, and serving and getting to know our members.

**Lori Peterson**

Shawna has joined the Churchbridge Credit Union team as our part-time Executive Assistant. She grew up in Winnipeg with her parents and younger brother. That is where she met her husband, Trevor, and relocated to Churchbridge in January of 2010 where they are raising their 4 children. Shawna recently decided to re-enter the workforce after dedicating 12 years to being a stay at home mom. She previously worked in various administrative positions and as a legal assistant within the agricultural sector. You will most likely see Shawna within the community participating on various volunteer boards or on the sidelines cheering on her children at various school and sporting events.

**Shawna Sawchuk**
